Supplementary material

Supplementary Tables with lists of species of Zygoptera, Anisoptera, Ephemeroptera, Plecoptera, Trichoptera, macrophytes, fishes (diurnal omnivore surface pickers and invertivorous diurnal backwater drifter feeders) and abiotic variables (HII — Habitat Integrity Index).

Table S1. List of streams with biotic (species richness) and abiotic (HII) variables. Z (S): Zygoptera species richness; A (S): Anisoptera species richness; Mac. (S): macrophyte species richness; EPT (S): Ephemeroptera, Plecoptera and Trichoptera richness; DOSP (S): diurnal omnivore surface picker species richness; IDBD (S): invertivorous diurnal backwater drifter feeder species richness; HII: Habitat Integrity Index.
