**Supplementary Material**

**Sample:** 33 participants (Age = 25.7, SD = 6.1)

### **Ratings of the photos on the scales**

|                | Identification of the politician (%) | Perceived orientation* |
|----------------|--------------------------------------|------------------------|
| Amir Khadir    | 91                                   | 2.4                    |
| Jack Layton    | 85                                   | 3.80                   |
| Stephen Harper | 97                                   | 8.09                   |
| George W. Bush | 97                                   | 8.13                   |

\* 0 = extreme left, 10 = extreme right on the political axis.

### **Options that were investigated**

|                 | Identification of the politician (%) | Perceived orientation* |
|-----------------|--------------------------------------|------------------------|
| Barak Obama     | 100                                  | 5.03                   |
| Bernie Sanders  | 67                                   | 3.90                   |
| Stéphane Dion   | 70                                   | 5.80                   |
| Gilles Duceppe  | 82                                   | 4.4                    |
| Elisabeth May   | 55                                   | 3.08                   |
| Françoise David | 85                                   | 2.34                   |

---

|                    |    |      |
|--------------------|----|------|
| Hilary Clinton     | 97 | 5.55 |
| Jean Charest       | 94 | 6.75 |
| Jean Chrétien      | 85 | 6.14 |
| Thomas Mulcair     | 70 | 4.30 |
| Nicolas Sarkozy    | 63 | 6.86 |
| Pauline Marois     | 97 | 4.34 |
| Philippe Couillard | 91 | 6.81 |
| Pier-Karl Péladeau | 91 | 5.39 |
| René Lévesque      | 76 | 4.21 |
